1) MedTech Europe Geographic Area includes the countries in the European Economic Area (EEA), as well as those other countries where Member Associations are located.

2) Formerly referred to as "Cross-border Events".

3) For the avoidance of doubt, in 2018, this category of "Third Party Organised Educational Events attended by Delegates who are Healthcare Professionals registered and practising in the MedTech Europe Geographic Area" has to be understood as covering only Healthcare Professionals from the MedTech Europe Geographic Area benefiting from an Educational Grant.

4) Educational Grants: means provision of funding, Member Company or third party products or other in kind support to a Healthcare Organisation by or on behalf of a Member Company solely for the support and advancement of genuine medical education of Healthcare Professionals, patients and/or the public on clinical, scientific and/or healthcare topics relevant to the therapeutic areas in which the Member Company is interested and/or involved and where such support is provided solely for a specified intended purpose within this category

5) Out of scope: Means the Code does not apply given the situation involves neither a Member Company interacting with an HCP or HCO registered, practising and/or operating in the MedTech Europe Geographic Area nor does the activity take place in the MedTech Europe Geographic Area.
